Dearest Pharmacy Friends and Colleagues,

As President of the Arkansas Association of Health-System Pharmacists, it is my pleasure to invite you to our 51st Annual AAHP Fall Seminar. This year’s meeting will be held October 5-6th at the Wyndham Riverfront hotel in North Little Rock, AR. AAHP is thrilled to have provided over 50 years of educational programming to pharmacists, residents, technicians, and students. Here’s to the next 50!

The AAHP Fall Seminar planning committee has once again designed two days packed full of continuing education that offers up to date and relevant topics for all attendees. From learning more about biosimilars to drug diversion to antibiotic stewardship, as well as the ever popular New Drug review, there is something for all of us. We are excited to bring you Diane B. Ginsburg, Ph.D., M.S., R.Ph., FASHP from the University of Texas as our keynote speaker. The title of her presentation is “Self Discovery: Where are you on your Professional and Personal Journey?”

This year’s Fall Seminar will offer up to 10.25 hours of ACPE-accredited continuing education for pharmacists and technicians. Programming will consist of clinical and operational topics that impact all areas of practice. There will be concurrent programming on Thursday for pharmacists, as well as free technician certification session provided by Harding COP. Different from past seminars, we decided not to do a concurrent session on Friday due to a high demand for antibiotic stewardship education. The students will also have their programming on Friday. Hopefully you can find topics that meet your learning needs.

Finally, I invite you to “LIKE” us on our Facebook, Instagram, and Twitter accounts, if you haven’t already. AAHP is actively increasing our social media presence to keep you informed and involved in our work to help advance the practice of pharmacy. I look forward to seeing everyone at Fall Seminar! Thanks for your continued support,

Brandy M Owen, PharmD, BCPS
2017-2018 AAHP President
