

Spencer Mabry

Employment: Co-Owner, Economy Drug, Berryville

Education: University of Arkansas Medical Sciences – Pharm.D.
Compounding Specialist, Travel Health Certified

Why do you want to serve on the APA Board of Directors?

I have worked as a pharmacist for over 16 years now, the last 8 as an owner and I feel it is hugely important to have a strong and focused association that looks out for all facets of pharmacy practice in Arkansas. This last legislative session my cousin Clint Penzo was elected to the House Of Representatives, and he has consulted with me several times on pharmacy and medical related issues. The back and forth with Clint has really made me rediscover the legislative system and its importance and awakened a real desire to be involved in the future of pharmacy in our state.
