October, 2011

Dear APA Member,

**Take up to a \$100 credit on your Arkansas state income taxes when you make a \$100 AP-PAC contribution now!** That's right, an actual tax credit, not a deduction. It's a way to contribute up to \$100 without costing you a dime. Take a credit of \$100 if you file a joint return and \$50 if you file single.\*

Your AP-PAC contributions support pharmacy friendly state legislators. During the 88th Arkansas General Assembly, these legislators helped pass significant audit reform, scope of practice expansions for immunizations, and the creation of a pharmacist-only third class of drugs. There is still much more to do!

With legislative re-districting approaching, 135 Arkansas House and Senate seats will be up for election! It's critical to ensure the funds are available to support pro-pharmacy candidates. We have already raised \$70,000! Help us raise the remaining \$30,000 to reach our goal of \$100,000 per two-year election cycle with a \$100 contribution.

Achieving a PAC of this size will demonstrate our ardent participation in the political process and allow pharmacists to effectively support pro-pharmacy legislators. It will also show our opponents that pharmacy is a strong political voice. The combination of a well-funded PAC and strong grassroots advocacy will strengthen our already formidable voice at the State Capitol. There is power in numbers, and elected officials are most sensitive to the needs of those who support and vote for them.

**Together we will get results!**

Sincerely,

Mark S. Riley, Pharm. D.  
Arkansas Pharmacists Association, EVP

Your support is greatly appreciated! Please fill out the information and check your giving level below.

**YES! I will be a \$100 contributor.**  \$100 **OR** **I will contribute \$** \_\_\_\_\_
